

BERESAN WINEMAKER'S NOTES
2007 CABERNET SAUVIGNON
WALLA WALLA VALLEY
100% CABERNET SAUVIGNON

Our 2007 Cabernet Sauvignon is once again made from a blend of our Estate Waliser Vineyard and Yellow Jacket Vineyard. The vineyards are planted on old cobblestone river bed soils, providing the wine with unique and distinct earthy minerality qualities, but the wine is really defined by the big fruity backbone of cranberry and pomegranate flavors. This wine is 100% Cabernet Sauvignon.

The wine was aged for 21 months in 35% new French oak and 55% neutral barrels. The wine will be bottled for 10 months prior to release.

The 2007 season started out normal, with very nice weather during bud break and spring growth. Bloom period was warm and consistent for great fruit development. Once again we had a long hot summer for good growing conditions. Fall conditions were perfect for flavor development.

All of the varieties were managed separately and fermented in small bins. Punch down was performed 2-3 times daily, followed by pressing and primary fermentation. The wine was racked into oak barrels and inoculated for malolactic fermentation.

WINE SPECIFICS

Varietal(s):	Cabernet Sauvignon
Vineyard(s):	Waliser Vineyard (55%), Yellow Jacket Vineyard (45%)
Appellation:	Walla Walla Valley
Harvest Date:	October 12, 2007
