THE NAME: Beresan is the name of the region in the Ukraine, close to the Black Sea, where the Waliser Family established themselves in the early 1800's.

THE WINERY: Beresan Winery is located about four miles south of Walla Walla, WA.

BUILDING HISTORY: Originally built in 1926 as a two story barn to house the horses and dairy cows used on the farm. It was remodeled in 2003 to accommodate the Beresan Winery while still maintaining the original structure and historic character.
